Medicine Ball is expertly manufactured with thick synthetic leather material for resiliency. The solid material offer better for split tear and cracks. Medicine ball is a great way to improve overall strength, explosive power and speed. The durable construction material of this med ball perfectly assists you during cleans, crunches. The stitching expertise make this an extremely durable leather ball. The close knitted needlework ensure that the ball will not lose its shape even after rigors of use. 8 panel design makes it easy to grip the ball in general, and makes the ball perfect for rotational ab exercises. The interior filling is solid with natural and synthetic fibers. This makes our gym ball a very efficient tool for performing rotational and swinging type movements that focus on working the core area during training sessions. There is some filling of sand inside the ball, which makes it evenly weighted. Go for jackknife, squat and reach, med ball pushups, between knees crunch, sit-ups, and one arm pushups knowing you have a comfortable hold. The Medicine Ball provides you with a very secure grasp to work on your entire body. Light smooth exterior allows you to have a firm hold on the ball when catching or holding. It has a gluey feel that enhances the ability to hold on. This ball also has a good level of balance to go along with.

Protect yourself from a knee injury and increase knee stability with a medical-grade compression level knee brace. Our EXTREME knee compression sleeves are designed to give the perfect amount of support, protection, compression, and warmth to the knee area yet still allow flexibility and movement. A knee support sleeve helps athletes by increasing blood flow and knee pain relief during and after the performance. Ideal for powerlifting, squats, and weight lifting, and also great for Crossfit WODs or any sport where some knee protection and support are needed. Each compression knee sleeve is available in 5mm and 7mm should you require even more support. Don't think twice and get the best compression knee sleeve on the market. HOW TO USE Sports injuries can happen; using your knee compression sleeves and knee braces correctly is essential. Because our knee compression sleeves have a snug fit, we recommend sliding up over your foot, folding in half, then pulling them up to your desired area. This way, you can ensure you are appropriately protecting your knee joint and meniscus tear. FEATURES Choose the best compression sleeve for you; we have different sizes for you to select the most comfortable to wear. Each one is carefully made with high-quality breathable mesh.

Muay Thai shorts are essential for training and competition because they're short and allow freedom of leg movement so that kicks can be higher and faster. They are not just for comfort but also provide the style and the feel of the sport because they have a distinct style, unlike other shorts that you may see. These Muay Thai shorts are available in child sizing and adult sizing in many different styles. Made out of satin with elastic waistband for optimal comfort.
